Originally posted by NoCollude View Post Which is the last version, which works under Windows XP? I've been comfortably using version 9.1.0.5096 with Windows XP (64-bit) for a while now (please view screenshot below). Today it tried to update itself to the very latest (9.2.0.9297) but the update failed, as it appears to be incompatible with XP. I then tried to find a more updated version for XP online, when I came across this relatively new (Aug2018) forum post in a Google search.
